

Value Partners Fund Series

Value Partners Asian Innovation Opportunities Fund

NAV per unit: Class A USD Acc - USD10.78 | Class A USD MDIs - USD10.79

Fund size : USD8.3 million

October 2019

- Value Partners Asian Innovation Opportunities Fund (the "Fund") invests predominantly in Asian equity and/or fixed income securities of companies that are related to innovative technologies or business innovations.
- The Fund's investments are concentrated in the Asian market and therefore subject to emerging market risks. Generally, investments in emerging markets are more volatile than investments in developed markets due to additional risks relating to political, social, economic and regulatory uncertainty.
- The Fund is also subject to concentration risks due to its concentration in the sectors relating to innovative technology or business innovation. Such companies are characterised by relatively higher uncertainty and volatility in price performance when compared to other economic sectors.
- The Fund may invest in small and mid-capitalisation companies. The stocks of such companies may have lower liquidity and their prices are more volatile to adverse economic developments than those of larger capitalisation companies in general.
- The Fund may invest in unrated or below investment grade bonds and financial derivative instruments. The Fund is therefore exposed to additional risks, including volatility risk, valuation risk, leverage risk, liquidity risk, correlation risk, counterparty/credit risk, legal risk, over-the-counter transaction risk and settlement risk.
- In respect of the distribution classes for the Fund, the Manager currently intends to make monthly dividend distribution. However, the distribution rate is not guaranteed. Distribution yield is not indicative of the return of the Fund. Distribution may be paid from capital of the Fund. Investors should note that where the payment of distributions are paid out of capital, this represents and amounts to a return or withdrawal of part of the amount you originally invested or capital gains attributable to that and may result in an immediate decrease of the net asset value per unit of the Fund.
- You should not make investment decision on the basis of this material alone. Please read the explanatory memorandum for details and risk factors.

Investment objective

To maximise return and income by investing primarily (i.e. not less than 70% of its Net Asset Value) in Asian equity and/or fixed income securities relating to Asian companies that are listed, or have their registered offices in Asia or that generate a predominant share of their sales and/or their profits in Asia which are related to innovative technologies or business innovations including but not limited to information technology, consumption services, healthcare and financials.

Source: HSBC Institutional Trust Services (Asia) Limited and Bloomberg, data as at the last valuation date of the month as stated above, unless stated otherwise. Performance is calculated on NAV to NAV in base currency with dividend reinvested and net of fees. All indices are for reference only. Our portfolio disclosure policy can be obtained from the Investment Manager upon request to email fis@vp.com.hk.

1. Classification is based on Global Industry Classification Standard (GICS). 2. Equities are classified by country of listing and fixed income securities are classified by country of risk. 3. Cash: 0.4%, refers to net cash on hand excluding cash for collaterals and margins. 4. Each hedged share class will hedge the Fund's base currency back to its currency of denomination on a best efforts basis. However, the volatility of the hedged classes measured in the Fund's base currency may be higher than that of the equivalent class denominated in the Fund's base currency. The hedged classes may be suitable for investors who wish to reduce the impact of changes in exchange rates between their local currency and the Fund's base currency. 5. Including bonds whose issuers do not seek credit ratings. 6. Portfolio yield is the weighted average of the total dividend yield of all securities in the portfolio. 7. The award reflects performance up to 30 September 2018. 8. The award reflects performance up to 31 December 2017. 9. Announced in October 2018 based on the number of votes. All votes are subject to a weighting methodology.

Investors should note investment involves risk. The price of units may go down as well as up and past performance is not indicative of future results. Investors should read the explanatory memorandum for details and risk factors in particular those associated with investment in emerging markets.
