- Value Partners China A Shares High Dividend Fund (The “Fund”) primarily invests in debt, equity and equity related securities issued by companies whose activities are based or that are carrying out a majority of their business in the People’s Republic of China (“PRC”).
- The Fund primarily invests in PRC, therefore is subject to emerging market risks. Generally, investments in emerging markets are more volatile than investments in developed markets due to additional risks relating to political, social, economic and regulatory uncertainty. The value of the Fund can be extremely volatile and could go down substantially within a short period of time. It is possible that the entire value of your investment could be lost.
- In respect of the distribution shares for the Fund, the Manager currently intends to make monthly dividend distribution. However, the distribution rate is not guaranteed. Distribution yield is not indicative of the return of the Fund. Distribution may be paid from capital of the Fund. Investors should note that where the payment of distributions are paid out of capital, this represents and amounts to a return or withdrawal of part of the amount you originally invested or capital gains attributable to that and may result in an immediate decrease of the net asset value per share of the Fund.
- You should not make investment decision on the basis of this material alone. Please read the prospectus for details and risk factors.

Investment objective

The Fund aims to achieve long-term income and growth by investing primarily in debt, equity and equity related securities issued by companies whose activities are based, or that are carrying out a majority of their business in the PRC.
