Winning in the Best Hong Kong New ETF category is particularly rewarding, as our Value Gold ETF, launched in November 2010, was designed as a unique solution for investors looking to invest in the gold bullion market through an ETF that is backed by physical gold stored here in Hong Kong.

This is Asia Asset Management's eight annual *Best of the Best Awards*, and the second time Value Partners has been recognized by the Awards.

As for the Value Gold ETF, it is the world's first gold ETF backed by physical gold bullion stored in Hong Kong and its fund size has grown by over 100%, since its launch until 30 December 2010.

The China Greenchip Fund's performance was very strong in 2010. It grew by a net 37.8% in 2010, which followed the 116.7% gain recorded in 2009\*. The Fund has been operating for 9 years and its return was positive in 8 of these 9 years. As at the end of 2010, the fund size was HK\$600.5 million.

Whereas the judging criteria for the China Greenchip Fund's performance was dependent on the nominated fund's fund size, performance against its peers, 3-year return, and monthly and year-to-date, the Best New ETF Category considered qualitative factors, such as its design innovation and uniqueness against its peers.*
