Value Partners crowned Management Firm of the Year award in AsiaHedge Awards 2014

(Hong Kong, 3 November 2014) — Value Partners is pleased to announce that it was named **Management Firm of the Year** in the prestigious AsiaHedge Awards 2014 which was compiled by HedgeFund Intelligence, the largest provider of hedge fund news and data in the world.

The highly coveted award was announced in an award ceremony in Hong Kong on 30 October, recognizing the outstanding business and fund performance of Value Partners, a homegrown Hong Kong-based asset management firm which has transformed to a leading player in Asia managing over US\$11 billion of assets today¹. This is the second time that Value Partners won the Management Firm of the Year award after receiving it in 2010.

Mr. Timothy TSE, Chief Executive Officer of Value Partners, said, “We are honored to receive the award as this acknowledges our achievements in the past 21 years. On our way to become a world-class asset manager in Asia, we will continue to proactively position ourselves to achieve investment performance and expand our fund platform, contributing to the development of the industry and bringing value for investors.”

In addition to the award above, a few of Value Partners’ funds were among the final nominees for various fund awards. Please see appendix for more details.

The AsiaHedge Awards are held on an annual basis and this is the 13th year of the award program. According to the organizer, the awards are given to Asia-Pacific hedge funds that have delivered the best risk-adjusted returns over a 12-month period from September 2013 to August 2014. 1. Unaudited Group AUM as at 30 September 2014.

2. Value Partners Classic Fund and Value Partners High-Dividend Stocks Fund primarily invest in stock markets of the Asia-Pacific region, with a Greater China focus.

3. Value Partners High-Dividend Stocks Fund primarily invests in higher-yielding equities and debt securities, while maintaining a flexible allocation to other assets including gold, REITs and cash. The Fund may invest in higher-yielding debt and equity securities that are below investment grade. Such investments can involve material risks, e.g. counterparty risk, liquidity risk, credit risk and default risk, and may expose the Fund to significant losses. Investors should note that there is no guarantee that the underlying securities in the Fund will pay out dividends. Therefore, there is no guarantee that the Fund's investment strategies will succeed. There is also no guarantee of dividend or distribution payments during the period an investor holds units in the Fund, and a positive dividend yield does not represent/imply positive return. Distribution may be paid from capital of the Fund in respect of the distribution classes. Investors should note that where the payment of distributions are paid out of capital, this represents and amounts to a return or withdrawal of part of the amount that have been originally invested or capital gains attributable to that and may result in an immediate decrease in the value of units. Please refer to the explanatory memorandum for more details.

4. Value Partners China Greenchip Fund Limited primarily invests in companies established in Greater China or which derive a majority of their revenue from business related to Greater China.

5. Value Partners Taiwan Fund primarily invests in companies listed on the Taiwan Stock Exchange or Taiwan-related companies with strong business links to Taiwan's economy.

Please pay particular attention to the risk of investment in China and other markets in the Asian region and in companies with medium or small capitalization. The value of the above funds can be extremely volatile and could go down substantially within a short period of time. It is possible that the entire value of your investment could be lost.

The above funds may also invest in derivatives which can involve material risks, e.g. counterparty default risk, insolvency or liquidity risk, and may expose the funds to significant losses.

You should not make investment decisions on the basis of this document alone. Please read the explanatory memorandum for details and risk factors.

Investors should note investment involves risk. The price of units may go down as well as up and past performance is not indicative of future results. Investors should read the explanatory memorandum for details and risk factors in particular those associated with investment in emerging markets.
